

## BOERS AGREE TO BRITISH TERMS

Burgers Decide to Abandon Their Claim to Independence.

## WAITING FOR NEWS

Commission May Go From Holland to the Boer Leaders in Africa.

## DR. KUYPER ADMITS IT

London, Jan. 30.—The Central News Agency declares it has excellent authority for stating that the Boer leaders have intimated through Dr. von Kuyper, the Dutch premier, their willingness to abandon their claim to independence as a sine qua non to any peace negotiations, but that they would accept an immediate and generous amnesty for all combatants in the war in place of their independence claim.

A Hague dispatch to the Daily Mail declares that the Netherlands asks Great Britain to allow a Dutch commission to go to South Africa to enlighten the Boer leaders in the field as to the real state of affairs, including the hopelessness of European intervention and the uselessness of prolonging the struggle.

It is stated that the note informs Great Britain that the Dutch government is in nowise authorized by the Boer leaders in Europe or South Africa to take this step, but appeals on its own initiative to be allowed on account of its own initiative to be allowed on the ground of humanity to accomplish the mission.

It is understood that Great Britain is awaiting the receipt of Lord Kitchener's views on this suggestion, and is willing to grant the requested safe conduct to the Dutch commission if Lord Kitchener offers no objections, though it is not hopeful of any practical result from the effort.

**Markets Affected by Rumor.**  
London, Jan. 30.—Stock markets were affected by the peace rumors, consols rallying and Kaffirs rising. Cheerfulness was the dominant note, leading operators being convinced that the end of the war was surely approaching through Lord Kitchener's methods, whatever might be the precise nature of the overtures made by the Dutch government.

**Kuyper Admits Negotiations.**  
The Hague, Jan. 30.—In the First Chamber of the States General, Dr. Kuyper, the prime minister, announced that the statement made by Mr. Balfour in the house of commons in regard to the offer of the Netherlands government to use its good offices to bring about peace in South Africa was accurate.

## SERIOUS RIOTS IN CITY OF BUDAPEST

Budapest, Jan. 30.—A riot of workmen is on here today. Ten thousand men attacked the Parliament building. The windows of the building were smashed and the proceedings in the chamber were interrupted. The mounted police were called out and charged the crowd, slashing them with swords. The ambulances carried away eighty-six wounded.

London, Jan. 30.—In the house of commons today Balfour announced that the Dutch government would be in possession of the British reply to their South African peace proposals tomorrow.

## PEARSON DENIES CHRIST IS GOD; CALLS HIM A CARPENTER PROPHET

Writes a Book Which Treats the Nazarene Simply as a Man With a Divine Message.

Evanston, Ill., Jan. 30.—Professor Charles W. Pearson of the Northwestern university has written a book. It is named "Carpenter Prophet." In it he goes far beyond anything that he has before written or said touching his belief. He specifically denies the virgin birth, the miracles, the resurrection and the ascension into heaven.

"The Carpenter Prophet" is complete, but it is still in manuscript form, publication having been deferred. The doctor has held the subject matter back, but has allowed a few personal friends to read what he has written. The book was offered to a Chicago publishing house several months ago, but was withdrawn for correction.

Professor Pearson in "The Carpenter Prophet" absolutely denies the divinity of Christ save in the sense that all men of noble qualities of mind and heart have in them a spark of divinity. This denial in the face of the Methodist articles of belief makes a unitarian of Professor Pearson. He states specifically in his

## MILTON JUNCTION WANTS THE ROAD

Engineers of the Madison-Janesville Line Will Make a New Survey Next Week.

Madison, Wis., Jan. 30.—The people of Milton Junction are anxious to have proposed Madison-Janesville interurban electric road run through the town. Through S. C. Carr they have petitioned P. L. Spooner, promoter of the road, to lay out the line by way of Milton Junction. In response to his request Mr. Spooner directed his engineer, Clement C. Smith of Milwaukee to go over the ground from Edgerton to Janesville by way of the Junction and to report on the feasibility of that route. Engineer Smith will make this trip next week.

**Kidd Slowly Improving**  
Madison, Wis., Jan. 30.—Sheriff W. W. Bennett of Prairie du Chien was here today and said that State Bank Examiner E. I. Kidd, who has been ill since Christmas with stomach trouble, was slowly improving.

## GEORGE Y. YULE IS OUT FOR CONGRESS

Candidacy of the Kenosha Man for H. A. Cooper's Seat in the House Announced.

Racine, Wis., Jan. 30.—There was considerable surprise in political circles today when it was announced that George Y. Yule of Kenosha would be a candidate for congress from the First district in opposition to the present congressman, H. A. Cooper, who, it is understood will again seek the nomination. The plans to bring out Mr. Yule are not yet made public, but for ten days the preliminaries have been quietly going on.

## ENGINES COLLIDE IN A ROUND HOUSE

Switchman H. J. Brudaker Instantly Killed, and His Body Mangled at Fond du Lac.

Fond du Lac, Jan. 30.—In a collision between two engines in the Northwestern round house at North Fond du Lac Switchman H. J. Brudaker was instantly killed and his body frightfully mangled. Leo Sage, fireman on the switch engine jumped before the collision occurred and escaped with a sprained wrist and several bruises and lacerations of the face.

## BOLD ESCAPE OF THREE MURDERERS

Pittsburg, Jan. 30.—Ed and Jack Biddle, under sentence of death for murder, escaped from the county jail this morning. They locked three guards in a cell took a revolver from another threw him over a sixteen foot fence and ran into the jailer's office where they shot another guard, arrayed themselves in citizens' clothing and walked out.

## ALL REGENTS TO BE NEW

Reported That None Whose Terms Soon Expire Will Be Reappointed

Madison, Wis., Jan. 30.—A close friend of Governor La Follette said today that it was not probable that any of the four university regents whose terms expire next Monday would be reappointed. These regents are Judge George H. Noyes of Milwaukee, Breeze J. Stevens of Madison, Byron A. Burlington of Eau Claire and John R. Reiss. Their successors must come from the Second, Fourth, Fifth and Seventh congressional districts.

In Justice Earle's court yesterday judgments were rendered in favor of H. W. and W. E. Slawson vs. H. Clement for \$55.31 and costs. Blodgett Milling Co. against Edward Salmon for \$28.78 and costs.

## CARNEGIE PLANS FOR HIS GIFT; MAKES A TRANSFER OF \$10,000,000

Prof. Daniel C. Gilman Elected President—Abram S. Hewitt Chairman of the Board—Founder Outlines His Ideas in Deed of Transfer.

Washington, Jan. 30.—Dr. Daniel C. Gilman, late of Johns Hopkins university, yesterday was elected president of the Carnegie Institute to be established in this city.

The trustees also elected Abram S. Hewitt, chairman of the board, Dr. J. S. Billings, vice chairman and Charles D. Walcott, secretary. William E. Dodge of New York was elected a trustee to fill the vacancy caused by the declination of former President Cleveland, who sent a letter regretting his inability to serve.

The meeting was called to order by Abram S. Hewitt and Secretary Hay acted as temporary chairman.

The deed itself recites in substance as follows: "That Andrew Carnegie deems it his duty and highest privilege to administer the wealth which has come to him as trustee in behalf of others, and entertaining the belief that the best means of discharging that trust is by extending the opportunities for study and research in our country, he transfers to the trustees named \$10,000,000 of registered 5 per cent bonds

## BELOIT WILL GET THE NEW HOTEL

Citizens of the Line City Met Last Night, and Discussed Sites for Its Location.

Beloit, Wis., Jan. 30.—The project for building a \$50,000 hotel is nearing a successful completion. At a meeting last night, held in behalf of the enterprise, the committee reported that there was much reason for encouragement. Two propositions are being considered—one to build on the Dr. Johnson site at the corner of School and Pleasant streets and another is to give Arthur Brittan of Chicago a bonus of \$15,000 to assist him in putting up a house at the corner of Bridge and Fourth streets.

## DOWAGER EMPRESS SWAY IS SUPREME

Emperor of China Completely Under Subjection, and Interests of the Powers Will Suffer.

Peking, Jan. 30.—The reinstatement of the court yesterday at the reception of the foreign diplomats was a decided victory for the empress dowager, whose assumption of the throne was fully acknowledged and emphasized by the recognition of the ministers.

The formal greetings to the emperor were a farce and it is evident that the stability of future commercial and other relations depends on consistent support of the empress dowager and Yung Lu, who is posing as chief of the reformers.

The disintegration of the allied interests of the powers is becoming more evident every day.

The brutal subversion of the emperor by the empress dowager has been accomplished in the best style of oriental barbarism. He is bullied and forbidden to speak at audiences where a prince speaks.

According to the reports of their court companions, when on rare occasions the emperor and empress are allowed to approach the table of the dowager empress they eat kneeling and are not permitted to speak.

People who are said to be best posted as to the ability of Kwang Su believe the emperor to be capable of intelligent rule if supported instead of undermined by the court.

## WHITEHEAD AT WAUKESHA

Janesville Senator Will Attend Annual Y. M. C. A. Banquet Waukesha, Wis., Jan. 30.—Senator J. M. Whitehead of Janesville will be present at the annual banquet of the Y. M. C. A. of next Tuesday evening and will respond to the toast, "The Position of Men of Affairs Toward the Association."

Pretoria, Jan. 30.—A Boer leader was surprised at Popular Grove yesterday. Seventeen Boers were captured including a field cornet, who died of his wounds.

## WISCONSIN COW HEADS THE RECORD

Jefferson County Animal Produced 584 Pounds of Milk in 7 Days, and 29 Pounds of Butter.

Lake Mills, Wis., Jan. 30.—Mercedes Julip's Pieterje, No. 39,480, a Jefferson county Holstein cow, recently sold by W. R. Gates of Oakland to the South Side Stock farm, St. Paul, now holds the world's butter record by producing 584 pounds of milk in 7 days and 29 pounds 5.7 ounces of butter. The average test of this cow is 4.02 per cent. This animal was raised by Mr. Gates of this county.

Frankfort, Ky., Jan. 30.—The jury in the case of Jesse Howard, charged with complicity in the Goebel assassination returned a verdict of guilty this morning. The punishment is life imprisonment.

Alfred S. Thompson and wife of Beloit attended the party last evening.

## CHICAGO MAY PUT UP A QUARANTINE

Windy City Fears an Infection from Smallpox Ridden Towns of Iowa and Wisconsin.

Chicago, Ill., Jan. 30.—A quarantine is likely to be established against Iowa, Wisconsin and Indiana on account of the small-pox epidemic raging in those states.

There are said to be 500 cases in Des Moines, Ia., and the Chicago health commissioner has been informed that the authorities there are exceedingly lax in their work of prevention. In a score of other Iowa cities there is smallpox. Wisconsin and Indiana cities and towns, it is said, are hard hit, too.

"Any quarantine we would establish," Dr. Reynolds said, "would not be on the shotgun order. We would not expect to find a fully defined smallpox case on any train, but should we find a case of smallpox, all the passengers would be vaccinated, and the train would be fumigated. Were it necessary to stop the train so that this work could be done before the Chicago station were reached, we would certainly stop the train."

## SOUTH IS IN GRASP OF OLD BOREAS

Heavy Fall of Snow in California May Injure Fruit Crop—Kansas Storm-Bound.

Los Angeles, Cal., Jan. 30.—The first snow for many years fell here this morning to a depth of a quarter of an inch.

The fruit and other crops, it is believed, will suffer serious damage. The snow is over a foot deep on the mountains above the city.

A severe cold wave is in full sweep all over the state. At San Diego the first snow within the memory of the oldest inhabitant fell twenty-six hundredths of an inch.

**Sleet in Kentucky Cities**  
Lexington, Ky., Jan. 30.—Owensboro, Ky., is completely buried in sleet. The damage to business interests is estimated at \$75,000. The electric plant is shut down and the gas plant is in bad shape. Business of all kinds is practically suspended. Lexington is in darkness and almost every street is blocked with fallen trees, telephone poles and tangled wires.

**Cold in the South**  
Atlanta, Ga., Jan. 30.—This section of the country was today, according to the weather bureau, the meeting point of a high wind and low area. The former bringing a cold wave and the latter rain, produced unsettled conditions, which are expected to prevail for another day.

**Heavy Fall of Snow in Kansas**  
Topeka, Kan., Jan. 30.—Kansas is covered with a thick blanket of snow today which has been falling for the past two days and is still falling. At Larned it is nine inches deep on the level and is falling yet.

## SCHWAB OFFERS HIS RESIGNATION

Resents the Sharp Cablegram of J. Pierpont Morgan on His Gambolling at Monte Carlo.

New York, Jan. 30.—The Commercial, a newspaper, announces today that Charles Schwab, according to trustworthy reports cabled from Monte Carlo to Pierpont Morgan his offer to resign the Steel Corporation presidency provided Morgan and his associates deemed it expedient. This is the result the Commercial says of Schwab's reported sensational gambling and Morgan's sharp cablegrams of criticism.

## MOVE TO REPEAL ALL WAR TAXES; WILL BE NO CONCESSIONS TO CUBA

An Agreement Reached by the Republican Members of the House Ways and Means Committee.

Washington, Jan. 30.—The ways and means committee of the house today instructed Chairman Payne to prepare for the presentation to the house as soon as possible a bill repealing all the war revenue tax.

Washington, D. C., Jan. 30.—An agreement reached by the republican members of the committee on ways and means of the house today seems to settle two points of great public interest in legislation: First, that there will be no concessions to Cuba on her products brought into the United States.

There are close relations between these questions. If the reduction in revenues are made it will be impractical to grant concessions to Cuba on so important revenue producing imports as sugar and tobacco. For this reason, the committee members have decided that so far there will be no movement toward granting concessions to Cuba. It is regarded as reasonable, in the light of the present state of the public revenues, to make heavy reductions in the Spanish war taxes.

It was said today that the republican members of the committee have

## SIXTY YEARS OF MARRIED LIFE

Eightieth Birthday and Sixtieth Wedding Anniversary Celebrated.

## WAS A RARE EVENT

Mr. and Mrs. Lemuel Hollister of Walworth Co. Congratulated by Friends.

## A FAMILY GATHERING

On Sunday, Jan. 26th, the home of Mr. and Mrs. Lemuel Hollister in Walworth county was the scene of a happy family gathering, the occasion being the eightieth birthday of Mrs. Hollister and the sixtieth wedding anniversary of Gertrude A. Latimer and Lemuel Hollister of Slaterville, New York.

Mrs. Maria Hollister, who has passed the eighty-fifth mile stone, Mr. E. Latimer, Mr. J. F. Latimer, sister and brothers of the bride of sixty years ago, together, braved the winter weather and gathered at the home to commemorate this rare event, and right happily it was done.

There were numerous gifts, an original poem written for the occasion, a beautiful dinner served by the general host and hostess, Mr. and Mrs. Will Cheney, and a general good time, made the day too short.

Mr. and Mrs. Hollister left their home in New York state, in the spring of eighteen forty three, driving to Illinois, seven miles, thence by canal boat to Buffalo, then by boat to Bunker Hill, over the lakes touching at Milwaukee and landing by scow at Racine, having been four days en route.

At Racine they hired a team for eight and one-half dollars to convey them with household goods and a few tools, (log chains, hand saws, augers, square, steel wolf trap; all still in use) to their farm four miles this side of Delavan which they purchased and where they still reside.

They have reared a family of seven children, four of whom were present on this anniversary. Mrs. D. L. Stark of Shoplere, Mrs. Helen Canale and Mr. L. D. Hollister of Delavan and Mrs. W. H. Cleney in the old home.

Good fortune has been kind to them in many ways, particularly in giving them hosts of friends whom they have always welcomed and enjoyed in their hospitable home.

## IS THE SON OF A FAMOUS OLD WHIG

New Chief Justice of Arizona a Scion of Governor Kent, Who Carried Maine in the Tyler Campaign.

Washington, D. C., Jan. 30.—Edward Kent of Colorado, whom the president today appointed to be Chief Justice of Arizona is a son of that famous old Whig who was a candidate of his party for the governorship of Maine in the Tyler campaign, and apropos of whose success at the Sept. elections the stirring war cry "was raised: 'Have you heard from Maine? It's gone hell-bent for Gov. Kent.'"

## TOUR OF INSPECTION ON

State Board of Control Adjourns to Visit State Institutions

Madison, Wis., Jan. 30.—The state board of control finished its regular monthly meeting today, and its members separated and left to inspect county and state charitable and penal institutions.

The bills audited by the board for the month aggregate \$62,294.04. Of this amount \$6,539.81 was for new building and other improvements and came out of special funds.

## Leaf Tobacco Market

Considerable tobacco is being delivered at the warehouses in the city every week. Saturday is the general receiving day and more tobacco is seen on the streets than at any other time.

About six hundred hands are now employed in the warehouses handling the tobacco already received. The principal packers are L. B. Carle, S. B. Hedges, Geo. Rumlill, George Decker, Fisher & Fisher, John Sullivan & Co., Sam Grundy, Millard Calkins and R. G. Merrill.

Much has been said concerning the quality of tobacco grown in 1901. In this state, but to an expert, it is evident that some of the tobacco going over the assorting tables in this market is as fine as was ever grown in the state. Of course it should be understood that the buyers have been picking out the best crops, where ever found, and, paying 10 and 11 cents per pound, and in rare instances 12 and 13 cents. But most of the best crops have already been contracted for, leaving the poorer grades in the hands of the farmers.

While business in the tobacco market of the southern portion of the state has not shown much improvement, there is a growing feeling that the tobacco growers are willing to make a concession in the price of their crops that will soon lead to a more general trading. A few purchases are continually being made that lend color to this prediction. Quotations this week on sales of forty acres gives the highest at 10.2 cents and lowest at 7.2 cents, with an average price of about 8 cents.

There is a moderate business only in old stock, but at satisfactory prices. George Rumlill reports the sale of 185 cases to manufacturers. The farmers have most of the crop stripped, and in sections where the tobacco has been sold it is delivered freely at warehouses. Some very attractive returns for the crop have been reported.

A ten-acre crop grown on the farm of Mrs. Preus in Vernon county brought a clean \$1,934.27. Gilbert Gilbertson, a Rock county farmer, from eight and a half acres took \$1,467.05. Another Vernon county grower from three acres received \$686.85, all showing an unusual handsome return for a dry weather season.

Little is now developing in the tobacco market at Deerfield, Wis., the farmers evidently holding their goods so high as to discourage the buyers from going after it. The farmers are also as a rule well able to hold it and are making preparations to have it sorted. But they are not going to do their own sorting, and many have made arrangements to have their crops sorted by skilled men in the warehouses here.

The opening of Eckhardt's warehouse at Deerfield with a full set of sorters and packers completes the crews at all local warehouses and in that vicinity of the town a genuine activity resumed. Deliveries have been quite extensive the past week, and shipments of bundle goods to Sparta

and cased goods to all jobbing points of the country, has given Virgoqua an air of commercial importance that is refreshing.

The largest crop of tobacco to be delivered here so far was by Tom and Christ Portney of Franklin, who unloaded at the Eckhardt warehouse on Tuesday, their ten-acre crop, which weighed 14,000 pounds. This is doubtless among the largest one-farm acreage that will come to this market.

At Mansburg, Ohio, the remnants of the 1900 crop of Zimmer are still looked after by buyers as closely as ever, though on account of the scarcity of this variety buyers are beginning to direct their attention toward seed-leaf. Prices are still unchanged.

Many new faces are reported among the buyers who are in the field to contract the new crop of Zimmer at 10c through. As a large per cent of this crop is still unstripped, it is but prudent for farmers to demand a substantial cash advance per acre from the buyer, in order to safeguard himself against a claim that the crop has not been properly assorted, etc., as is frequently the case. No honest packer will object to making a liberal advance when buying this early.

Although transactions in cased tobacco during the past week about Lancaster were not large, they were, nevertheless, encouraging, some of considerable size having been reported, so that the new year does not open in a discouraging condition. The transactions that have been reported to us are 300 cases sold by Seltz & Froelich; 100 sold by E. B. Keady & Co.; 720 sold by A. H. Hershey & Co.; 400 sold by Menno M. Fry; in all, 1,520 cases. For the corresponding week of last year 966 cases were sold.

A Milwaukee cigar manufacturer, in speaking of the protest made by the Wisconsin Dealers' and Growers' association to the Wisconsin members of Congress against any concessions to the Cuban tobacco growers, says that the dealers and growers are unnecessarily alarmed over the competition with Cuban tobacco. It may not be a good thing for the grower, he says, but the dealer is showing poor taste in joining the grower in objections lodged with congress.

He says that with the tariff reduced on Cuban tobacco he would be able to buy a certain quality of Pennsylvania leaf, take it to Cuba, keep it here awhile, and re-ship it to the United States as the highest grade of Havana tobacco which no smoker no matter how keen his taste might be could discover as an imposition.

It is not generally known, but it is a fact nevertheless, that under the Spanish control in Cuba it was a penal offense to import tobacco from the United States to Cuba. The cigar manufacturers referred to says that he would go out of business if the tariff was reduced, and the concessions desired by Cuba made, and engage in the business of exporter and importer, in which business he believes he would soon make a fortune.

the purpose of organizing a branch of the American Federation of Labor. The meeting was addressed by Organizer Hogan after which preliminary steps toward an organization were taken. P. H. Garvin was elected temporary chairman, and Joseph Leary temporary secretary. Another open meeting will be held next Tuesday evening and regular meetings every Tuesday afterwards.

### NO ARGUMENT NEEDED.

Every sufferer from Catarrh Knows that Salves, Lotions, Washes, Sprays and Douches do not cure. Powders, lotions, salves, sprays and inhalers cannot really cure Catarrh, because this disease is a blood disease and local applications, if they ac-

complish anything at all, simply give transient relief. The catarrhal poison is in the blood and the mucous membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucus, the discharge sometimes closing the nostrils, dropping into the throat, causing deafness by closing the Eustachian tubes, and after a time causing catarrh of stomach or serious throat and lung trouble.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane. The best and most modern remedies for this purpose are antiseptics. Quinine, Eucalyptol, Gualacol, Sanguinaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result. They are large, pleasant tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach.

Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever and are equally beneficial for little children and adults.

Mr. C. R. Rembrandt of Rochester, N. Y., says: "I know of few people who have suffered as much as I from catarrh of the head, throat and stomach. I used sprays, inhalers and powders for months at a time with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure."

"Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a 50c box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh: my head is clear, my digestion all I could ask, and my hearing, which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family."

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment and for convenience, safety and prompt results they are undoubtedly the long look for catarrh cure.

Frederick Douglass said that he lectured upon the subject of freedom twenty years before he was permitted to set foot in a church, but it has been a hundred years since Dr. Crane's Quaker Tonic Tablets began to lash lazy livers into action. For kidney, liver, headache and constipation. All drug stores, fifty cents.

## SPARKS FROM THE WIRES.

**Session of Joint Conference.**  
Indianapolis, Jan. 30.—Five hundred delegates, representing Illinois, Indiana, Ohio, and Pennsylvania, are in attendance at the fifth annual joint conference of coal miners and operators in Indianapolis to-day. The important questions under discussion will be the basing scale of wages, hours of work, and relative prices between hand and machine mining.

**St. Paul, Church Burned.**  
St. Paul, Minn., Jan. 30.—The people's church, independent, of which the Rev. Dr. S. G. Smith is pastor, was destroyed by fire this afternoon. The building contained an auditorium with a seating capacity of 2,300, kindergarten, industrial school and other branches. The mansion of President James J. Hill on Summit avenue is just back of the church, but was at no time in danger. The church represented an outlay of \$105,000 and had no debt. The insurance was only \$50,000.

**Modus Vivendi Renewed.**  
St. John, N. F., Jan. 30.—The colonial government has undertaken to renew for the present year the French shore modus vivendi, which expired the 31st of last December. Mr. Chamberlain, the British colonial secretary, wired the colonial government a request for this action last Saturday, urging his desire to dispose of the Boer war before reviving negotiations with France respecting the Newfoundland shore.

**Faith Curists Upheld by Court.**  
Hamilton, O., Jan. 30.—Judge Neilan yesterday sustained a demurrer to the state's evidence against Sylvia and Leota Bishop, faith curists, charged with manslaughter for allowing their daughter Esther, who was burned in a gasoline explosion, to die for want of medical aid. He said that under the Ohio law such omission constituted no crime, and the belief of the defendants did not enter into the case.

**Sleet Storm in the Mouth.**  
Chicago, Jan. 30.—A sleet storm swept the South from the Ohio River to the northern part of the Gulf States and from Texas as far east as Chattanooga and Atlanta, doing damage estimated at hundreds of thousands of dollars. In many cities street traffic was suspended, communication by telegraph or telephone almost impossible, electric light plants were put out of operation.

**St. Louis Millionaire Arrested.**  
St. Louis, Jan. 30.—A bench warrant charging bribery was issued yesterday afternoon by Judge Wood against Ellis Walnwright, a millionaire brewer and director in the Suburban Street Railway Company. It was stated at the Four Courts that several other bench warrants for persons of high position in St. Louis' business, social and religious circles had been issued.

**Increase in Wool Products.**  
Washington, Jan. 30.—The census bureau has issued a preliminary report on the wool manufacturers of the United States, showing a total of 1,414 establishments, a decrease of 17 per cent from 1890. The total capital is \$310,177,949, an increase of 26 per cent, and the value of the products is \$296,990,484, an increase of 10 per cent.

**German Designs on Venezuela.**  
Kiel, Jan. 30.—It is expected that German cruisers will seize a Venezuelan port about the time Prince Henry reaches the United States. The cruiser Gazelle will reach La Guayra Feb. 6. The Vineta will join the Gazelle at La Guayra and the two cruisers will carry out their mission together.

**Limit Day's Work in French Mines.**  
Paris, Jan. 30.—The Chamber of Deputies, with the approval of the Minister of Public Works, M. Baudin, adopted the principle of the bill presented by M. Basly, Socialist, limiting the period of daily work in the mines to eight hours.

**Stock of Iowa Bank Transferred.**  
Council Bluffs, Jan. 30.—A controlling interest in the First National Bank, composed of about 75 per cent of the stock, has passed into the hands of Ernest E. Hart, who is said to represent an eastern syndicate.

**Will Investigate Mine Disaster.**  
Des Moines, Iowa, Jan. 30.—The resolution for the investigation of the causes leading to the explosion at Lost Creek, in which twenty-two miners were killed, passed the lower house by a vote of 55 to 40.

**Kansas Convention Date.**  
Topeka, Kan., Jan. 30.—The Republican state central committee to-day decided to hold the Republican state convention at Wichita May 28.

**Renowned Sale of Philippines.**  
Vienna, Jan. 30.—The Neues Wiener Tageblatt has discovered that the sale of the Philippine Islands to Germany by the United States is probable. The paper says that negotiations to this end have been proceeding for some time. It adds that the visit of Prince Henry to the United States is a preliminary to the announcement that the islands have been sold.

**Council Bluffs Bank Sold.**  
Council Bluffs, Ia., Jan. 30.—A controlling interest in the First National bank, about 75 per cent of the stock, passed into the hands of Ernest E. Hart, who is said to represent an eastern syndicate. The bank has a capital of \$200,000 and deposits of \$2,000,000, being one of the largest financial institutions in western Iowa, and is a very profitable property.

## HONOR MCKINLEY'S MEMORY.

**Birthday of the Late President Is Appropriately Remembered.**

Chicago, Jan. 30.—The first celebration of the birthday of William McKinley, under the auspices of the Hamilton club, was held in Studebaker Music hall last evening. Judge William R. Day of Canton, Ohio, former Secretary of State under President McKinley, was the speaker of the evening, and delivered an eloquent eulogy of the President as man and statesman. Judge Peter S. Grosscup, who also was a personal friend of McKinley's while in Ohio and after he had received Presidential honors, presided at the meeting.

Columbus, Ohio, Jan. 30.—Tributes to the memory of McKinley were paid by the members of the Ohio legislature in joint session Wednesday in a flow or oratory which has not been equaled in years in the halls of the House of Representatives. All party and factional differences were laid aside. Gov. George K. Nash, who was a close personal as well as political friend of the late President, made a short speech.

Canton, Ohio, Jan. 30.—Canton paid a loving tribute to the late President McKinley in a memorial meeting at the tabernacle Wednesday night. The chief orator was William Dudley Foulke of Indiana, the warm personal friend of the late President, recently selected by President Roosevelt for membership on the civil service commission.

New York, Jan. 30.—Exercises in observance of the birthday of the late President were held in all of the public schools of this city. Flags were flown on all public buildings, and several meetings set for yesterday, including one of the board of aldermen, were adjourned as a mark of respect. Buffalo, N. Y., Jan. 30.—The anniversary of the birthday of the late William McKinley was celebrated here by exercises in all public schools. Rev. Charles Edward Locke made an address at the Merchants' Exchange, where exercises were held. Joseph E. Ewell, judge advocate of the G. A. R., and others also spoke.

Salt Lake City, Utah, Jan. 30.—Special exercises in honor of McKinley's birthday were held in the schools and colleges throughout Utah. A feature was the receiving of contributions for the McKinley monument fund.

Berlin, Jan. 30.—The Chinese government has ordered 15,000 sword bayonets from Solingen, Prussia, and six weeks ago the agent in Germany of Argentina also placed some orders for arms with German manufacturers.

**A MAN CAN'T swim in shackles.**  
It isn't a question of his winning a race, but a question of being able only to keep afloat. The man who is suffering from malnutrition is like the fettered swimmer. His stomach and its allied organs of digestion and nutrition are diseased. It is not a question with him of winning in the race for business but of simply keeping up under any circumstances. Whenever disease affects the stomach it is affecting also the blood and the health of every organ of the body. For blood is only food converted into nutrition and nutrition is the life of the body and every organ of it.

**Doctor Pierce's Golden Medical Discovery** cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and enables the perfect nutrition of the body which means perfect health.

"For six long years I suffered with indigestion and my liver and kidneys, which baffled the best doctors in my country," writes H. L. Russell, Esq., of Woolsey, Prince William Co., Va. "I suffered with my stomach and back for a long time, and after taking a 'cart-load' of medicine from three doctors I grew so bad I could hardly do a day's work. I would have death-like pains in the side, and blind spells. I began taking Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' Before I had taken half of the second bottle I began to feel relieved. I got six more bottles and used them, and am happy to say I owe my life to Dr. Pierce."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Gentlemen:—I have been a great sufferer from Rheumatism. I was laid up in bed and gave up all hopes of being cured. My legs were all swollen up and I could not move them without great pain. Your remedy was recommended to me by Chief Police O'Connor, who said "you" had cured him. On taking one-fourth of the bottle I was able to get out of bed, the first time in thirty days. I have taken my second bottle and now consider myself entirely cured. I write this that others may know of this wonderful remedy.

## WEATHER FORECAST.

Threatening tonight, Friday light snows.

## POPULISTIC AND DANGEROUS.

The Milwaukee Free Press, the recognized organ of the governor, recently devoted a column to an editorial on the steel combine, claiming it was making a profit of from nine to twelve million dollars per month, and that it was a menace to the country. The paper has the fairness to state that it has stock liabilities amounting to one billion dollars, and outstanding bonds of \$300,000,000 more, and then claim that its tangible assets do not exceed \$200,000,000. In other words that this latter figure represents actual capital invested, and that it is earning from fifty to seventy-five per cent. per year.

The man who can juggle with figures as gracefully as that should lose no time in applying to the steel combine for a position as financial agent. If Mr. Schwab should discover him, he would put himself out to find him a job that would pay better than scribbling for a Milwaukee paper.

It has been generally supposed that a bonded indebtedness was a first mortgage on stock, and that the value of the latter was determined by assets sufficient to meet the liabilities, and earn dividends.

But the Milwaukee scribe has discovered a short cut to wealth, by claiming that as bankrupt treasury, can pay fifty per cent. dividends. That's a flight of imagination that heats air ships and wireless telegraphy. The young man should pack his grip and himself away to Wall street. His advent would create a commotion that would be flattering.

What are the facts concerning the financial condition of the steel combine? Simply, that every dollar's worth of stock has behind it a dollar's worth of property, that makes it worth 100 cents; with surplus assets sufficient to secure its bonded indebtedness. With an investment of \$1,300,000,000, the company ought to make \$100,000,000 per year, and that would only be fair interest on the investment.

The steel combine paid a fair dividend to the stockholders last year, and it is one of the few large corporations that published to the world its business and financial condition. It owns more lake and ocean steamships, more miles of railroad, and furnishes employment to more people than any organization in the world. It is doing more to develop American industries and promote American trade abroad than all other influences combined. If the capital invested don't make money, it ought to, for it is certainly entitled to remuneration.

The trouble with the Milwaukee paper is that it is infected with populism; it is supporting an administration that is populistic in tendencies. "Down with corporations; the rich are growing richer and the poor are growing poorer;" the same old cry that, arrays labor against capital, and inspires class hatred.

It may never have occurred to the Milwaukee organ that a large majority of business men are honest, and that back of the steel combine is not only honesty, and ability, but a brain equipment that is an honor to any nation. The labor employed, and it represents a vast army, will be liberally and promptly paid. The capital invested will be made to pay fair returns if possible. The liabilities of the concern will be settled in full, while American industries gain supremacy in the markets of the world. Wisconsin has no time for pessimists or populists. The people of the state are willing to live and let live. If the Free Press possesses any ambition to outlive a political campaign the paper should change its creed, and deal with facts, as they exist. There is nothing gained by misrepresentation or wilful ignorance.

## DEMOCRATIC SUPPORT.

The Daily Independent, the leading daily paper in Chippewa Falls, is strongly democratic in politics, is extending the glad hand to Gov. La Follette, and its editor, ex-Secretary of State T. J. Cunningham, when asked to explain his reasons, stated editorially that "the Independent hopes that when the democratic party comes to select a candidate for the great office that he will be as pure in character and as splendid a champion of the people as the Honorable Robert La Follette. Please put that in your pipe and smoke it."—Milwaukee Free Press.

The free silver democratic press of the state, which is largely in the majority, is, with rare exception, supporting Governor La Follette. The Milwaukee Free Press and other democratic organs find much inspiration and encouragement in this fact. When it is considered that this free silver element forsook old time democracy to chase a phantom, and that the free silver outfit and everything that goes with it, is populistic in tendency, and so regarded, it will be readily understood why a bond of sympathy exists between La Folletteism and Bryanism.

The governor and his supporters may feel flattered over this sort of an alliance, but conservative republicanism does not so regard it. The democratic party is destitute of both an organization and an issue. The press

of the party, outside of the Milwaukee Journal, and half a dozen other papers, is still shouting for Bryan and the Kansas City platform. They find it as easy to sing the praises of Wisconsin's erratic governor, as it was to chant the refrain of free silver in its palmiest days. The creed of the combination is so liberal, that it is attractive to all shades of political faith. Populists, socialists, democrats, republicans, mingle together as one happy family.

While it is well to dwell together in harmony, there is a limit beyond which familiarity ceases to be a virtue, and La Folletteism seems to have passed the limit.

## RAILROAD CONSOLIDATION.

The "merger" case now before the supreme court, to decide whether James J. Hill and his associates have the legal right to consolidate the Great Northern and Northern Pacific railways, is exciting wide attention. In the testimony of Mr. Harriman, the New York magnate, the court, as well as the country, has discovered, that he has nothing to conceal, and that while he is an extensive operator that he is not a pirate.

The State of Minnesota is the instigator of the suit. It is safe to presume that the men whose brain and money are behind the enterprise, are familiar with the law that governs their transactions, and they enjoy the reputation of being law abiding citizens. Western states sometimes become too virtuous in dealing with corporations. Iowa, Kansas and Nebraska have suffered from spasms of this kind, and Michigan has had preliminary symptoms. Officials who enjoy brief authority, appear to overlook the fact, that railroads prosper in proportion to the prosperity of the territory in which they do business.

The men who manage them are American citizens, whose enterprise and marked ability contribute largely to the development of the country. They do not pose as philanthropists or reformers, and yet they accomplish more for humanity, as the result of intelligently directed effort, than all the cronies and kickers, who come along against them.

The trans-continental lines are maintained and operated at great expense. The capital invested in them is entitled to fair remuneration. It requires brains and energy of rare quality to construct railroads through the desert and over mountains.

The equipment to fight these great enterprises is sometimes noted for energy, but never for brains or common sense.

## A DEAD ISSUE.

The primary election law has passed into the background as an issue in this state and there is no longer any mistaking the fact that the real issue in the next campaign will be taxation reform.—Oshkosh Northwestern.

This frank acknowledgement from a paper that is in sympathy with the administration, is significant. If it means anything, it means that the governor has ridden his hobby to death, and it is forced to take another mount.

The primary law has never been an issue, except in the legislative last winter, and then it required all of the energy and time of its supporters to keep it in line.

It was as dead as a mackerel when the legislature finally disposed of it, and it was decently buried before adjournment. Morbid sentiment sometimes makes a cemetery more attractive than live issues, and people waste time and energy in mourning, at the expense of the hard and practical duties of every day life.

It was perfectly natural for the governor to drop a tear, and breathe a sigh of regret, at the tomb of departed ambition, but it is morbid and unnatural for him to go about the streets mourning for the balance of the year. It is ruinous to health and good digestion, and not consoling to the party that honored him, and then it is courting an untimely death. Blasted ambitions, especially of a political nature, frequently result in decay.

While it is late in the day to declare that the derelict is dead, there is always hope while there is life. It may be possible to pull the governor through.

The observance of McKinley day was not so general as it should have been. Many people were not certain as to the date, and the fact that the anniversary occurred so soon after his death, was a little confusing.

An enterprising telephone manager in Illinois has connected farm residences with the various churches and the gospel is being dispensed by wire. Collections have fallen off as well as attendance. The only way the preachers can get even is by the use of a phonograph. This is a rapid age.

Prince Henry is said to be a poker player, who never embarrasses his comrades in the game, by exceeding what they can comfortably afford to lose. He is the sort of a prince that university boys should cultivate.

General Nelson A. Miles has shown his good sense by declaring that he has no political ambitions. With the army and navy exhausted, the democratic party may be obliged to fall back on Bryan, for a candidate, in 1904.

Ten thousand dollars is the price asked by a Newark girl for the loss of a couple of teeth, caused by an explosive biscuit. If she wins the

suit, the search for explosive biscuit will rival the clam shell industry.

Pitchfork Tillman collided with Wisconsin's senior senator on the Philippine question, the other day. Wisconsin did not suffer in the collision.

Labor is to be represented in the cabinet by the secretary of the new department of commerce and industry. If the new bureau can settle the strike question, by arbitration, it will be very helpful.

## PRESS COMMENT.

Lake Geneva News:—One thing is certain now, and that is that taxes are too high at present, and on the principles that two wrongs do not make a right it would not help matters to simply raise the taxes assessed on corporations beyond a reasonable figure. Such a proceeding would add to the general fund and give the government more money to spend, but it would not lower the amount of taxes the farmer would have to pay. His taxes are mostly local, the balance being the money raised under special laws for the support of the university and other schools.

Cumberland, Wis., Jan. 27.—Kapp E. Rasmussen of Rice Lake, representative from the county and a member of the Wisconsin Republican league, has started a Whitehead petition in Barron county, beginning the canvass in his home town, where, it is reported, he is meeting with a marked degree of success. Senator Whitehead is looked upon as an able and conservative candidate, and one of the best and most acceptable that could be placed in the field.—Milwaukee Sentinel.

Racine Journal: It is very clear primary reform of the Stevens and La Folletteism not wanted. People are not yet ready to surrender their liberty of action in any such ways.

## THE INNER COUNCIL.

The Simon-pure democratic newspapers, as well as those galvanized with the "independent" coating are taking a wonderfully deep interest in the republican campaign for a nominee for governor. And it is funny, too, that they should be so universally opposed to such a representative republican as Senator Whitehead. Just what difference it can make to Democrats which republican may be the next nominee is not visible, perhaps, excepting one goes behind the curtain and sees the wires radiating from the inner council room of the democrats. One thing every real republican may be sure of, and that is, that none of these wires have a Whitehead terminus.—Beloit Free Press.

## OF NATIONAL IMPORTANCE

Senator John M. Whitehead of Janesville, delivered an address before the Six O'clock club at Madison on the subject of taxation. The address is able, forceful and honest and marks Mr. Whitehead as a leader of extraordinary ability. He expressed full sympathy with the work of the state tax commission and urged that the question of equality of assessment and taxation is paramount at the present time and that it must continue so to be until it is finally settled upon right lines; that it is a question of national importance and that co-operation among the several states is desirable.

Mr. Whitehead's address has brought the people of Wisconsin to a starting point on the onward movement for taxation reform and brings him at once to the front as the Moses of a disturbed and agitated Israel, sent to redeem the state of Wisconsin from a bitter and acrimonious dissension. That he may keep his head and his nerve and at once assume the place which he has, by virtue of his public utterance, made for himself should be the ardent desire of the calm judgment of the patriotic citizens of Wisconsin.—Horicon Republican.

## NARROW ESCAPE FROM A MANHOLE

A young woman, whose name is not known at this office had a close call last evening by falling through an imperfectly closed manhole in the sidewalk, near the rear entrance to Ziegler's clothing store on North Main street.

The young woman was walking along the sidewalk about eight o'clock and stepped on the man hole cover, which flew up and allowed her to drop into the hole. She went down to her shoulders in the hole but managed to catch her arms on the sides and save herself from going way down.

She was rescued by some bystanders and carried into the Gazette office. Beyond some bruises and scratches and a severe fright she was uninjured.

The man hole in question was in bad shape all yesterday afternoon and was placed in position once during the afternoon by a Gazette reporter who noticed its condition as he was passing by.

## SIXTY YEARS TODAY.

(Written for Mr. and Mrs. Lemuel Hollister's sixtieth wedding anniversary, with best wishes for many happy returns of the day, by Clara Martha Sharp, Delavan, Wis.)

Sixty years of wedded life  
Crown silver heads today  
Far from the turmoil and the strife  
In sacred walls of home, they stay  
And welcome dear ones all to come  
And gather 'round the family tree  
To sound again those wedding bells  
That once rang out so merrily.

Sixty years how quickly past  
On time's swift flying feet,  
Their lives all filled with pleasant task,  
The years have rounded so complete;  
For hapless their cup has filled,  
Though sorrows may have crossed the way  
But loving hearts can never be chilled,  
Even by the coldest winter day.

When happy youth and maiden fair  
On this long journey started,  
They little knew their hand of care  
Would keep them still unparted;  
For not to many lives has time  
The gift of love so lengthened,  
And kept the chain unbroken twain,  
But firmer and more strengthened.

Then gather 'round the old hearth stone  
And give this day of golden  
A diamond setting for their crown,  
With heavenly music chosen,  
And may the closing of their lives  
Be like the bright and setting sun  
That sinks in splendid glory  
With the new day just begun.

So ring again sweet wedding bells;  
Ring out this rare life's story;  
Let every note with music swell,  
And pass into a higher story;  
And at this holy Sabbath close  
With friends' best recognition,  
Bring to them all earth's sweet repose  
And Heaven's blest benediction.

MRS. HULDA JAKEMAN, days in bed with intense pain and suffering. I was under the physicians' care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. ## DANDERINE

STOPS HAIR FALLING.

No Excuse for This Loss of Hair.

For there is NOW a remedy that will save it and make it more beautiful than ever. Hair falling is the signal of approaching baldness. No hair ever falls from a healthy and vigorous scalp. In cases of HAIR FALLING, the scalp is losing vitality, and it has not the power to supply the necessary nourishment, consequently the weaker hairs die and come out. WITHOUT THE PROPER TREATMENT THE SCALP CONTINUES TO GROW WEAKER, and the loss of hair is GREATER and GREATER until it is all gone. THEN THIS WARNING WILL APPEAL TO YOU IF IT DOES NOT BEFORE. WE OFFER YOU AN HONEST REMEDY, ONE THAT IS A POSITIVE CURE FOR ALL DISORDERS OF THE SCALP AND HAIR. A REMEDY THAT HAS BEEN PROVEN BEYOND ANY QUESTION TO BE INFALLIBLE IN SUCH CASES. THE FIRST FEW APPLICATIONS OF DANDERINE WILL MAKE THE HAIR FAIRLY SPARKLE WITH NEW LIFE AND VIGOR.

Get a twenty-five cent bottle from your druggist and use it regularly, and if it does not make your hair feel and look nicer than it ever did we will return the price upon notice from you. Now on sale at all druggists in three sizes—25c, 50c and \$1.00 per bottle.

Be sure you get the genuine, made only by THE KNOWLTON DANDERINE CO., Chicago, Ill.

FREE to show how quickly Danderine acts, The Knowlton Danderine Co., Chicago, will send a large sample free by return mail to anyone who sends this advertisement with their name and address and 10 cents in silver or stamps to pay postage.

## Arnold-Brown Wedding

Before a beautiful bank of potted plants at the home of Mrs. Thomas Brown Mr. Frank H. Arnold and Miss Thurlis M. Brown took the vows that made them husband and wife, Wednesday evening at 8 o'clock. The ceremony was performed in the presence of a number of relatives and friends by the Rev. S. G. Huey. The wedding march was played by Miss Edith Wilcox. The house was beautifully decorated. An elegant wedding dinner was served. Among those present from a distance were Mr. E. W. Fisher; Mr. and Mrs. Lucius Fisher, Racine and Mrs. Lambert of Racine. The happy pair were the recipients of many valuable presents. The bride is the youngest daughter of Mrs. Thomas Brown. Mr. Arnold is a successful young farmer. Both are well and favorably known. They will make their future home on the farm of James Lamb in the town of Bradford, whither they will take the best wishes of many friends.

## BRILLIANT SOCIAL PARTY LAST NIGHT

The Ball Given by Mesdames Palmer and Pember Was a Grand Success in Every Way.

The dancing party which was given at Assembly Hall last evening by the Mesdames Palmer and Pember was a grand success in every way, and no city could have gotten together a prettier assemblage than it was. It was a full dress party and the beauty of the gowns, many of which were most elaborate was seconded in the most handsome arrangement of the hall.

It was a grand parlour ball and everything was in corresponding harmony. The color scheme was in red and green and was carried out in every detail. All the windows in the dancing room were covered and draped with beautiful curtains, and hung about the walls were handsome mirrors.

The shades on all the lights were trimmed with pretty red coverings, giving the room a most pleasing appearance. In three corners of the room very pretty cozy corners had been arranged in tents of heavy draperies and in each light had been arranged and their red shades cast a most inviting glow on all sides.

The floor on the west side was covered with beautiful rugs and scattered about were divans, easy chairs and rockers, for those who sat through the dances and enjoyed a friendly chat with their neighbors. Ferns and palms were also distributed about on pretty stands and it was one of the prettiest of sights to glance down from the gallery and see the gay assemblage as it mingled together during the intermissions.

The guests arrived at 8:30 and as the carriages drove up to the walk the guests were handed out and stepped under a canopy that had been erected on the sidewalk, affording them protection from the cold and the public. Canvas covering was stretched from the sidewalk up the stairs to the dance hall and after the guests had removed their outer wraps they passed through the receiving party of the hostesses and their husbands.

There were between 500 and 550 who answered cards of invitation and were entertained in a charming manner. Smith's orchestra furnished the music. The dancing began at 9 o'clock and lasted until after 2 o'clock.

Caterer Shurtlett furnished the refreshments. Throughout it was one of the most brilliant social gatherings and its success was so grand that none could help but comment upon it. Besides the leaders in Janesville society, the party was attended by many from outside the city.

Among these were Mr. and Mrs. C. S. Luck, Earnest J. Perry, Jas. P. McDermott, Mr. and Mrs. F. E. Rancus of Fond du Lac, Miss Nellie Barden, Madison, Miss Evelyn Gregory, Chicago, J. C. Thompson, and wife, Beloit, Miss Elsie Williams, New York, Ralph Jackman, Madison, Albert Frick, Freeport, Mr. and Mrs. Armand Frev, Berlin, Germany, Miss Roger, Devils Lake, Mrs. J. E. Fleury, Milwaukee, Miss Sprossler, Watertown, and Mrs. H. Sloan, Edgerton.

## FIREMEN MISTOOK A CALL LAST NIGHT

The Blaze They Were Hunting for Was in the Home of W. L. Lewis, on Clark Street.

An alarm of fire was rung in last night at 6:30 from the machine at the West side fire station. The firemen receiving the telephone call mistook the street and box 31 at the corner of Main and Court streets was sounded. The fire was at the home of W. L. Lewis 18 Clark street and not Court street as was understood by the fireman.

The department after looking up and down Court street for a blaze and not finding anything returned to the stations. A later call for the patrol to be ready was sent in but they were not needed.

The call was sent in by telephone from the home of E. C. Bailey, 256 South Bluff street. The blaze was in the home of W. L. Lewis, 18 Clark street, and was caused by the explosion of a gasoline lamp.

The fire was extinguished without much damage being done although Mr. Lewis' right hand was quite severely burned in extinguishing the blaze.

## Yellowstone National Park

When the leader of the first expedition sent to explore the mysterious Yellowstone region prepared a report of what he had seen, he was induced by friends to modify and abridge it before presenting it to congress, certain portions being deemed beyond the limits of credibility. A second explorer, unwilling to hazard his reputation for veracity, refused to publish descriptions of the nearby scenes on which he had looked.

Fortunately, the traveler of today may describe wonders of the Yellowstone park without raising doubts regarding his sanity or truthfulness. The story is the same—a seemingly incredible Tale of Wonderland—but the tale is known to be true.

This discourse is one of the most popular delivered by Burton Holmes, the famous traveler and lecturer. Yielding to the solicitation of his patrons, Mr. Holmes has consented to publish the thirty lectures which he has prepared, and they are now offered to subscribers in sets of ten volumes, beautifully printed, illustrated with 4,000 half-tones, and bound in the highest style of the book-binding art.

## Social News and Notes

TO PERFECT ARRANGEMENTS

The Zeigler, Cutter and Tailor Will Be Secured by E. J. Smith in Chicago.

E. J. Smith went to Chicago this morning to perfect arrangements for the shipment of stock, etc., for the new merchant tailoring department which is to be opened in connection with the Zeigler store about February 15th.

Mr. Smith will also arrange for a cutter and tailor to operate this branch of the business. These people will come from one of the best known tailoring establishments in Chicago and will be thoroughly capable. The cutter is a man who understands his business and his work will be equal in every way to that of the high class up-to-date, city tailors. A point which will favorably impress particular dressers, in regard to the stock of cloths which have been secured for the Zeigler tailoring department is that no two patterns will be alike; each will be exclusive; every piece has been selected with the greatest care and the result will undoubtedly be appreciated by the public.

A. W. Holmes Lecture Tonight

A. W. Holmes of Milwaukee will lecture at the Assembly hall this evening under the auspices of the trades unions of the city, on "Capital and Labor." Mr. Holmes is well known to the working people of the state and while an active worker in the trades union movement belongs to the conservative class and his talk will be interesting to the people outside as well as to the unions. He is business agent for the Milwaukee Machinists' unions and is an able manager in trade disputes having given the labor question more study than any other man in the state. A couple of hundred extra seats have been placed in the hall and a large crowd is expected. A number of good seats have been reserved for the ladies. A very cordial invitation is extended to all who are interested in capital and labor question to come and hear Mr. Holmes. No admission fee will be charged. The lecture will begin at 8:10.

Mrs. S. Fanny Phillips left yesterday for Los Angeles, Cal., where she will remain for some weeks.

Fred Bailey and wife left today for Punta Gorda, Fla. They were accompanied by Mrs. Warren Skelly who is enroute for Florida.

Mr. Charles Price, of No. 1 Lynn street was surprised by a number of his intimate friends last night in honor of his fifty-sixth birthday. The evening was spent at cards. Mrs. Dermery rendered a beautiful piano solo and light refreshments followed.

Makes a Correction

Editor Gazette: Will you kindly correct a statement made in your paper last evening. The Christian Scientists have an organized church in this city known as the First Church of Christ Scientist.

Services in this church are conducted by two readers, one who reads from the Bible; the other from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the text book of Christian Science which gives the spiritual interpretation of the Bible passages which are read.

The stockholders of the Oak Hill cemetery association met last evening at the council chambers. A large number of the stockholders were present. After all the reports of the officers of the association had been read and approved the present board of directors were re-elected they being W. F. Carle, S. C. Burnham and W. T. Sherer.

A resolution that the surplus money of the association be expended in beautifying the grounds of the association was carried.

The financial report of the association was as follows:

Receipts for the year, \$3,322.44; cash on hand, Jan. 1, 1901, \$2,884.08; Disbursements, \$5,352.65; cash on hand Jan. 1, 1902, \$1,353.85.

The report on expenditures for the year showed that \$1,291.38 had been spent on the walling room; \$509.95 on sidewalks; \$50.63 for fence; \$289.47 for water main; \$69 for the horse mower, and \$19 for flowers and shrubbery.

The request fund now amounts to \$2,620.00 cash and \$3,025 invested in mortgages.

During the year there were \$140 interments at Oak Hill, the city of Janesville furnishing 90; Rock county outside the city, 19; Wisconsin outside of Rock county, 5; and other states, 26.

In the Municipal Court

In the municipal court this morning the motion for a new trial in the case of Lutz vs. Gray, interpleader, was argued by M. P. Richardson for Lutz and S. D. Tallman for Gray. After listening to the arguments Judge Fifield overruled the motion for a new trial and entered judgment in favor of the interpleader for the amount paid into court by the St. Paul railroad company as garnishee amounting to \$30.57.

F. J. Bailey and son left this noon for Cleveland, Florida, where they will spend a month or six weeks in hunting and fishing.

## SCHLEY'S APPEAL IS MADE PUBLIC

Admiral Asks the President to  
Review Findings of the  
Court of Inquiry.

MAKES A STRONG ARGUMENT.

Request Is Practically Based on the  
Findings of Admiral Dewey as Opposed  
to the Majority Report—Says  
He Asks Only for Justice.

Washington, Jan. 30.—The Navy Department has made public Admiral Schley's appeal, delivered to the President about a week ago. The department's "comment" will be published in a day or two.

Admiral Schley appeals to the President as the commander in chief of the army and navy, and he asks that the President review the findings of the court. He asks this on three grounds, in each case basing his appeal on the findings of Admiral Dewey as opposed to the majority report.

The petition is signed by Admiral Schley and by Messrs. Rayner, Parker and Teague of his counsel. Attached to the exhibit are three exhibits, made up of extracts from the testimony.

The first ground of appeal is the holding of Secretary Long that "the conduct of the court in making no finding, and rendering no opinion on those questions (that of command and of credit for the victory) is approved—indeed, it could, with propriety, take no other course, evidence on those questions during the inquiry have been excluded by the court."

The petition says the Secretary was in error in saying that such evidence was excluded.

A resume of the testimony follows, to prove the assertion. The President is asked to annul Secretary Long's endorsement on the point involved, inasmuch as Schley asserts that the majority of the board of inquiry failed in the important duty of expressing an opinion as to who was in command. The petition asserts that the evidence shows that he did assume command at Santiago.

The second ground relates to the alleged withdrawal of the squadron at night from Santiago bay and the character of the blockade, and the propriety of Commodore Schley's conduct in the premises. This was one of the points upon which Admiral Dewey specifically dissented.

The admiral's petition alleges that about one-third of the time of the inquiry was consumed over this question of the adequate blockade of the harbor, and that "notwithstanding the facts herein set forth, all of which appear upon the record of the said court, the concurring members thereof have failed utterly and entirely to discharge the most important duty imposed upon them by the terms of the said specification, which duty was to report their opinion upon the questions of whether or not a close or adequate blockade of said harbor to prevent the escape of the enemy's vessels therefrom was established and the propriety of Commodore Schley's conduct in the premises."

The President is asked to annul Secretary Long's endorsement of the finding of the court on this point, and to substitute Admiral Dewey's finding "that the blockade was effective."

The third ground recites Admiral Dewey's opinion to the effect that: The passage from Key West to Cienfuegos was made by the flying squadron with all possible dispatch, having in view the importance of arriving off Cienfuegos with sufficient coal; that the blockade of Cienfuegos was effective; that the Adula was permitted to gain information, and finally that the passage from Cienfuegos to a point off Santiago was made with as much dispatch as possible, while keeping the squadron a unit. The petition declares that this opinion, being at variance in certain points with the majority opinion, is the only one justified by the evidence and facts before the court, and it is asked that the Secretary's approval of the majority findings be set aside and annulled.

The petition concludes: "And your petitioner most respectfully states that only by the action for which he prays in this relation can exact justice be done him within the contemplation of the precept under which the said court sat and whence it derived its authority."

Illinois Jurists Meet.  
Springfield, Ill., Jan. 30.—Forty jurists from all parts of the state attended the annual meeting of the county, probate and juvenile courts, formed today. The law as applicable to county, probate and juvenile courts, formed the topic for the day's discussion.

Last Victims of Cleveland Accident.  
Cleveland, Jan. 30.—The bodies of Ray Tritochaud and James Williams of Sarnia, Ont., and Daniel Higgins of Cleveland, who lost their lives in the crib disaster last summer, have been recovered. There are now no more bodies in the water works tunnel.

Chicago Building Burned.  
Chicago, Jan. 30.—Fire which started on the third floor of the six-story building at 84 to 92 Illinois street early this morning burned out the top three floors within a short time. The loss is about \$100,000.

Deny Censorship Exists.  
Washington, Jan. 30.—For an hour yesterday the Senate was in spirited debate over the question of alleged censorship of press dispatches in Manila. The Secretary of War was quoted as saying that no press censorship now existed in the Philippines, and a letter from Gen. Greely, chief signal officer of the army, was presented by Mr. Beveridge of Indiana, making the statement officially that "the press is entirely free." It was contended by the opposition that a press censorship did exist in the Philippines and that copies of every news dispatch given to the cable company were filed with the military authorities. That it was maintained, constituted a virtual censorship.

Danish Treaty Considered.  
Washington, Jan. 30.—The treaty with the government of Denmark for the cession of the West Indian Islands, owned by that country, to the United States was considered yesterday by the Senate committee on foreign relations, but action was postponed because of a desire on the part of members to secure from the State Department all the information obtainable concerning the resources of the islands and the advantages to be secured by their control by the United States. The prospect is the treaty will be favorably reported after another meeting devoted to its consideration.

Bank Circulation Retired.  
Washington, Jan. 30.—During the months of November, December and January national bank circulation has been retired by the deposit of lawful money with the Treasurer of the United States to the amount of \$3,000,000 per month, the maximum amount which the law permits to be retired during any calendar month. Applications have been received by the controller of the currency for the retirement of a like amount during the month of February.

Cullom's Views on Treaties.  
Washington, Jan. 30.—Senator Cullom as chairman of the committee on foreign relations virtually appealed to the Senate Wednesday from the decision of his committee on the question of reciprocity treaties. Broadly, he took the position that a treaty is the supreme law of the land, superseding acts of Congress, and that under the Constitution the President by treaty ratified by the Senate can do anything Congress can do.

Short Session of House.  
Washington, Jan. 30.—The house adjourned after being in session only twenty-five minutes yesterday. Mr. Hopkins of Illinois reported the permanent census bill and gave notice he would call it up to-day. A request to make the oleomargarine bill a special order for next Monday was objected to on the Democratic side.

Banking Bill Favorably Reported.  
Washington, Jan. 30.—The House committee on banking and currency ordered a favorable report on the bill authorizing the selection of reserve banks in cities of 50,000 population instead of 60,000, as at present, and having a minimum capital of \$100,000 instead of \$200,000, as now.

Wants New Judicial District.  
Washington, Jan. 30.—Judge Charles W. Thomas of Belleville, Ill., called on Senator Cullom yesterday to urge the speedy passage of the bill to give the state a new judicial district. He has brought with him several petitions signed by lawyers and business men.

Molten Iron Kills Two Men.  
Chicago, Jan. 30.—Two men, Michael Ohranski and John Polanski, were killed yesterday by the splashing of molten iron at the Illinois Steel company's plant in South Chicago. A dozen laborers were working at furnace No. 10 when a ton of iron which had hardened at the top of the big tank fell into the molten metal, sending a huge spray of it out of the furnace.

## Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

## This Letter Tells the Story

BEIRNE, CLARK CO., ARK., March 16, 1900  
PEPSIN SYRUP COMPANY, Monticello, Ill.  
GENTLEMEN: We moved to Arkansas four years ago, and like all northern people who are not accustomed to this peculiar climate, we suffered constantly from malaria, constipation and stomach troubles. The medicine prescribed by local physicians did us no good. While on a visit to St. Louis I saw an advertisement of  
**Dr. Caldwell's Syrup Pepsin and Herb Laxative Compound**  
and purchased a bottle, which helped me at once. Upon my return to Beirne, I induced our druggist, Mr. F. M. White, to purchase a small stock of it, which he readily disposed of and has made several orders since.  
I have gained twenty pounds in weight, and the health of the children has improved wonderfully since we began using Syrup Pepsin. We consider it the best family medicine made for all-the-year-round use, and cheerfully recommend it to all sufferers from stomach and bowel troubles of every kind.  
Yours sincerely,  
MRS. J. W. YEAGER.  
Ask your druggist, 50c and \$1 bottles. It's economy to buy the \$1 size. If you are unable to get Dr. Caldwell's Syrup Pepsin we will mail sample and interesting book FREE.

## NEWS OF THE COUNTY

## COOKSVILLE.

Cooksville, Jan. 29.—Miss Edna Johnson entertained the whist club Tuesday evening, Jan. 28. The last meeting was at the home of Mr. and Mrs. Leedle Denison. Mrs. E. Savage and Mr. Danks took the prizes.

Mrs. Newell has returned from her visit to Chicago. She was absent three weeks.

Leedle Denison will move his family to the village in the near future. We are informed that he will work the Charles Miller farm.

Mr. and Mrs. E. M. Stebbins passed Sunday in Stebbinsville with Mr. and Mrs. Frank Farman.

J. H. Leedle has been sick for a few days, but is better at this writing.

Charles Brooks and wife passed several days at Oren Johnson's this week.

Will H. Johnson has rented his farm and will vacate in March. He has not decided as to where he will go.

A number of friends from here attended the funeral of Miss Madge White at her home on Sunday last. C. Stebbins has sold his farm two miles north of here. Terms of sale not known.

Miss Ella Morgan entertained her lady friends Thursday last.

Died at Stoughton, Jan. 28.—Mrs. Eben Johnson. Funeral service at her home. Interment in the cemetery at Cooksville Jan. 28. Mrs. Johnson was formerly a resident of this village. Both relatives and friends were surprised to hear of her sudden death.

Died at his home in Cooksville, Saturday, Jan. 11.—W. H. Well, aged eighty-five years. Mr. Wells was an old and respected citizen of this place. He was born in Wellsburg, Pa. in 1817 and came to Wisconsin in 1847, where he has lived ever since with the exception of a few years passed in California. The funeral was held at the home Jan. 14, and was largely attended.

## LA PRAIRIE.

La Prairie, Jan. 29.—Considerable ice has been packed for summer use during the past few days.

Mr. and Mrs. John Scholer and daughter, Flossie, have been spending a few days with local friends. Having been called here by the death of Mrs. Scholer's brother, Charles P. Thomas, of Kansas City.

The former pupils of Mrs. Paul Chismore gave her a pleasant surprise last Tuesday evening. During the evening Mrs. Chismore was presented with a solid silver spoon.

A goodly number of our young people attended the Burns party last Friday evening.

## Dyspepsia Cure

In speaking of indigestion, Dr. Lewis says: "It is deplorable that so many hundreds of thousands of Americans suffer from indigestion. It means that the blood of the nation is becoming impure; for undigested food poisons the blood. Unless a method is devised for overcoming this malady, our race must deteriorate."

Many persons use soda tablets to neutralize fermenting food; this only makes a chemical receptacle out of the stomach, and injures its sensitive structures. Others feed on pepsin, which is better, but not sufficient, for it digests only albuminous foods.

The preparation best fitted to relieve and absolutely cure indigestion is KODOL DYSPEPSIA CURE. It contains every known digestant and digests every kind of food. Its use is a common sense method of treating all stomach troubles, and the results are always certain.

## MUST BELIEVE IT.

When Well Known Janesville People Tell It So Plainly.

When public endorsement is made by a representative citizen of Janesville the proof is positive. You must believe it. Read this testimony. Every backache suffered, every man, woman or child with any kidney trouble will find profit in the reading.

Mr. John Stetson, of Hotel Myers, dunder my trouble kidney complaint. If the severe pain across the small of my back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks, some time violent, sometimes a dull grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the People's Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date I have not noticed any recurrence of my old trouble.
